Collaborate with a team of experienced professionals and learn about the latest trends and best practices in client communications and analytics.

- Design, build, and format dynamic dashboards in Amazon QuickSight to visualize key business metrics.

- Optimize data visualizations for clarity, usability, and impact across multiple client use cases.

- Collaborate with analysts and consultants to ensure dashboards align with business objectives.

- Work with large datasets, ensuring efficient data processing and visualization performance.

- Assist in dashboard customization, user experience improvements, and automation.

- Provide documentation and training materials for clients and internal users on dashboard functionality.

YOU WILL PROBABLY BE A GOOD FIT IF YOU

- Are currently enrolled in a post-secondary program in Analytics or Business Intelligence or a related field and that requires participation in a co-op/internship placement as part of the curriculum to graduate.

- Excellent communication, presentation, and writing skills.

- Basic proficiency in using SQL, Data Visualization software(s) and Microsoft Office Suite products such as PowerPoint, Word, and Excel.

- Strong analytical and problem-solving skills.

- Demonstrated ability to work independently and manage multiple tasks and priorities.

- Experience with market research, data analysis, or client management is a plus!
